"For All Your Bull Buying Needs"

Ron Frye Marketing believes that bull buying is an essential part of any cattle operation. The genetics purchased each year are the building blocks for future generations of your cow herd. We are proud to be a part of this sale and the influence they have on their customers' programs through the years. We would hope that our knowledge of this sale offering would be beneficial to your quest of building a superior cow calf operation.

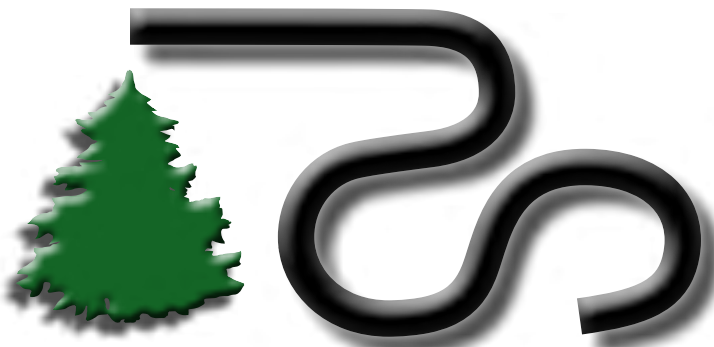

We are available to talk with you anytime and answer any questions you have about the cattle or the program. We look forward to assisting you and learning about your needs. Call us prior to the sale for any of your bull buying needs. If you are unable to attend the sale and need help purchasing bull(s) we would be happy to assist you in any way possible.

Thank you for your interest. Please come say hello to Randy or I on sale day.

Sincerely,

Ron Frye

PINE COULEE BULLS, LLC.

WELCOME TO THE 2021 BULL SALE

Fellow Cattlemen,

The Stampfel and Carrel families would like to welcome you to our annual Bull Sale.

We have performance tested, semen tested, freeze branded, BVD tested and poured and footrot vaccinated the bulls for your convenience. Every bull in our sale has been DNA tested for parentage. We believe this is one of the deepest, most uniform sets of bulls we have offered to date. This offering represents the top 48% of the 2020 bull calf crop.

We have reduced the number of AI Sires and herd sires used to better facilitate larger sire groups of half brothers. Our embryo program has enabled us to offer some sizeable groups of full brothers. You will see that we have sampled some new sires and their progeny are throughout the sale. All bulls are free of any known genetic defects.

We spend a lot of time researching sires in an effort to use genetics that fit our environment. We strive to keep our bulls fit and sound and not fed to excess. We appreciate bulls with the ability to maximize available forage while producing a product that will push down the scale. Our bulls have been developed on a high roughage, growing ration to keep them functional. We feed to reach our target on gain to help implement this. We believe bull longevity is as important as cow longevity.

At Pine Coulee we are strong believers in the power of the cow. We are rigid in our culling practices with utmost attention to feet, leg and udder quality. This certainly helps us in our arid, rough environment and believe it will help you too.

Our sincere belief that a serious working relationship between the seedstock and commercial producers, at the grass roots level, is an important step to ensure longevity and profitability for both parties.

The Stampfel and Carrel families look forward to a long standing relationship with your operation and appreciate the time you have taken to attend our Bull Sale.

See Catalog and Videos of Bulls at www.pinecoulee.com

HOW TO READ THE PERFORMANCE DATA INFORMATION

**AVERAGE
ADG WDA
3.07 3.03**
EPD & Dollar
values
taken from
2/08/2021

BW, WW, YW, EPD's are the estimate of how the animal's future progeny are expected to perform, expressed in pounds.

Dollar W is a selection index, expressed in dollars per head to assist beef producers by adding simplicity to genetic selections.

Feedlot Value (\$F) an index value expressed in dollars per head, is the expected average difference in future progeny performance for post weaning merit compared to progeny of other sires

Grid Value (\$G) an index value expressed in dollars per head, is the expected average difference in future progeny performance for carcass grid merit compared to progeny of other sires.

Actual Weaning Weights as of October 3, 2020

Adjusted Yearling weight to 365 days adjusted and ratioed by breed computation.

Weaning ratio in contemporary groups.

Calving Ease Direct is the difference in percentage of unassisted births when a sire is bred to first calf heifers. A higher number is desirable.

\$F	\$W
94.16	64.08
\$G	\$B
45.89	142.41

Beef Value (\$B) an index value expressed in dollars per head, is the expected average difference in future progeny performance for post weaning and carcass value compared to progeny of other sires.

Individual Performance						Interm EPD's			
CED	BW	WW	Ratio	YW	Ratio	BW	WW	YW	MILK
10	75	740	104	1260	109	+2.4	+61	+101	+25
MB:	.50	REA:	.54	FAT:	.056	\$EN:	-12.58	Actual SC	36.5
Projected Sale Day Wt:				1244	ADG:	3.27	WDA:	3.13	

Bulls we feel are safe to use on heifers will have the BW offset.

Projected Sale Day Weight is calculated by adding the ADG times 36 days to the 2/02/21 weight.

Average Daily Gain on test from 10/03/20 to 2/02/21.

Weight per day of age as of 2/02/21.

Actual circumference expressed in centimeters.

Milk EPD is the estimate of the animal's genetic merit for milk. In a bull, the Milk EPD should be expressed in pounds of daughter's progeny weaning weight attributed to milk and mothering ability.

Dam's WR: 5/107 YR: 4/107 Flush brother to Lots 2, 3 and 4. A deep-bodied bull with an ADG of 3.93 lbs, Lot 1 maintains the balance of his dam's Impression and Rito genetics. With his expansive rib and extra muscle, this bull embodies what our breeding program works to propagate. This bull will be used extensively in our program. **Pine Coulee** is retaining 1/2 interest and 1/2 possession.

Dam's WR: 7/102 YR: 3/103 Summit sons have always carried their own unique look through our program, and Lot 37 is no different. A long-sided, correct bull with impeccable foot quality, this bull has added muscle shape that gives him a stride worth watching. His dam is a key donor that passes down style and maternal excellence, and his daughters will be keepers.

Dam's WR: 4/102 YR: 2/109 Another Pine Coulee Citadel F319 son, this bull is a natural calf out of our C237 cow (going back to Emulation EXT and Net Worth) and has the long, stretchy look of his sire with a smooth-muscle finish. For those looking to add some extra size and extension, take a close look.

Thank You for coming to the sale!
The Stampfel and Carrel Families

NOTES

NOTES

Sale Terms and Conditions

The auctioneer in charge will settle any disputes as to bids, and his decision on such matters shall be final.

Terms of the sale are cash. The bulls offered for sale are sold under the terms and guarantees recommended by the American Angus Association, with reference to health, freedom from defects, and from both reproductive and specific genetic unsoundness. The recommended refund or adjustments will be made in case animals fail to live up to seller's guarantees. All bulls listed in this catalog are guaranteed to be breeders if not allowed to run with the herd until at least 14 months of age, and if not subjected to gross negligence by the purchaser.

Each bull becomes the risk of the purchaser as soon as sold; but it shall be the obligation of the seller to see that animals are fed and cared for free of charge to purchaser, until loaded for shipment. Insurance will be available sale day by a bonded livestock insurance broker if you should so desire. It is recommended that insurance be obtained for bulls purchased.

HEALTH

All bulls are fertility tested and examined for total functional soundness by Betsy Bialon of Sugar Factory Vet Hardin, Montana.

All bulls sell guaranteed to be eligible for shipment to any state in the Continental U.S.

At Pine Coulee Angus, herd health concepts are always being evaluated and modified as new products, situations and needs arise. The whole Pine Coulee Angus herd is routinely immunized against the following infectious diseases: BVD, IBR, PI3, BRSV viral diseases, Clostridial infection (8-way), H. somnus, Vibriosis and Leptospirosis as well as the use of the newest broad spectrum dewormers on a rotation program. Breeding age females on the ranch are official calfhood vaccinates for Brucellosis. The goal of the program is to prevent unnecessary health problems in our herd and ultimately yours.

Virgin yearling and two year old bulls have not been exposed to any females.

FREE DELIVERY

Pine Coulee Bulls will deliver, free of charge for the first 500 miles and at cost after 500 miles. If you are unable to attend the Pine Coulee Bull Sale, you may send bids to the auctioneer, representatives or to Pine Coulee Bulls directly. If you choose Pine Coulee Bulls to make your sight unseen purchase for you, we unconditionally guarantee your satisfaction at delivery time.

BOARDING

Free boarding up to May 1st, 2021.

TERMS

CED - Calving Ease Direct is the difference in percentage of unassisted births when a sire is bred to first calf heifers. A higher number is desirable.

B.W. - Birth Weight

W.W. - Adjusted 205-day weight

All weaning weights have been adjusted by or in accordance with breed association calculations and ratioed in various contemporary groups.

Y.W. - Adjusted 365-day weight

All yearling weights have been adjusted and ratioed in accordance with breed association calculations and ratioed in contemporary groups.

S.C. - Scrotal Circumference taken by licensed veterinarians, expressed in actual centimeters.

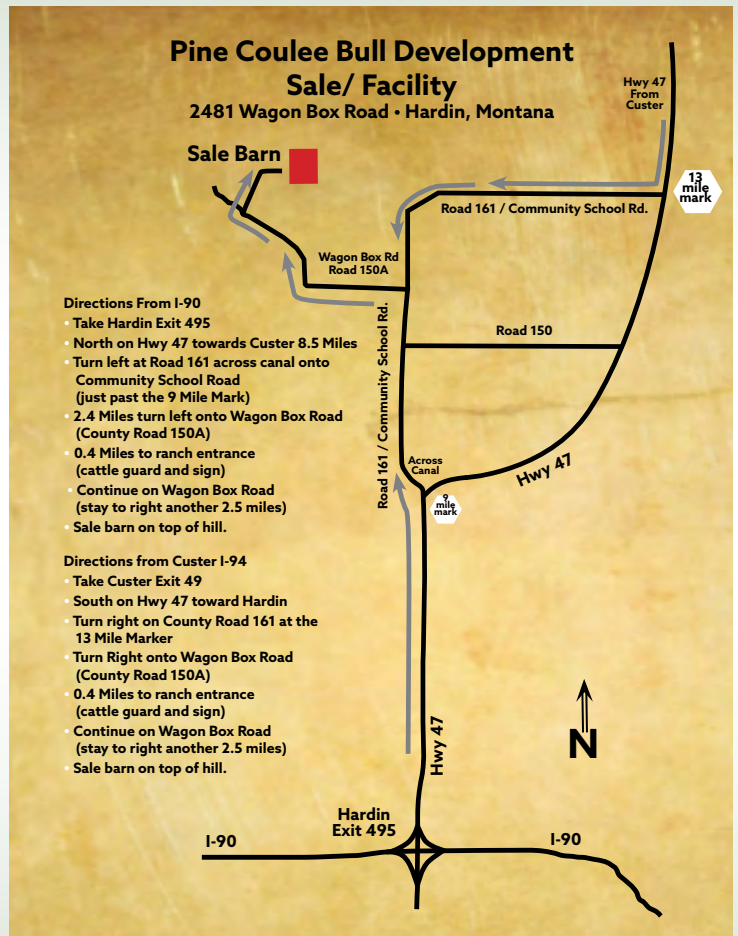

Proj. Sale Day Weight - Projected sale day weight is calculated adding the ADG times 36 days to the 2/02/21 weights.

**All persons who attend the sale do so at their own risk.
Pine Coulee Bulls assumes no liability, legal or otherwise
for any accidents which may occur.**
