PINE COULEE BULLS, LLC.

WELCOME TO THE 2023 BULL SALE

Fellow Cattlemen,

It is with great appreciation that the Stampfel and Carrel families welcome you to our annual bull sale. We enjoy the opportunity to see our customers and friends and visit about your operations and specific needs. We take being your seedstock supplier very seriously. It is our goal to offer a balanced set of bulls that will ultimately help your bottom line.

The older bulls (Lots 1-33) are turned out for the summer, developed on rough, dry country then brought in to be performance tested. They have not been over fed in a lot the entire time. They are sound and ready to go to work. As usual, these bulls were developed on a high roughage ration. All Bulls are performance tested, semen tested, freeze branded, BVD tested and foot rot vaccinated. Every bull in the sale has been DNA tested for parentage. This offering represents the top 51% of the 2022 bull calf crop.

We spend a lot of time researching sires in an effort to use genetics that fit our environment. Our bulls are managed to be sound and not fed to excess. We appreciate bulls that sire progeny that have the ability to maximize available forage while producing a product that will push down the scale.

At Pine Coulee we are strong believers in the power of the cow. We are rigid in our culling practices with utmost attention to fertility, feet, legs, stay-ability, efficiency, disposition, udder quality and overall structural soundness. We welcome the opportunity to show you our cow factory any time.

Our sincere belief that a serious working relationship between seedstock and commercial producers, at the grass roots level, is an important bridge to ensure longevity and profitability for both parties.

The Stampfel and Carrel families look forward to a long-standing relationship with your operation and appreciate the time you have taken to attend our bull sale.

See Catalog and Videos of Bulls at www.pinecoulee.com

HOW TO READ THE PERFORMANCE DATA INFORMATION

**AVERAGE
ADG WDA
2.64 3.14**
EPD & Dollar
values
taken from
1/26/2023

BW, WW, YW, EPD's are the estimate of how the animal's future progeny are expected to perform, expressed in pounds.

Dollar W is a selection index, expressed in dollars per head to assist beef producers by adding simplicity to genetic selections.

Feedlot Value (\$F) an index value expressed in dollars per head, is the expected average difference in future progeny performance for post weaning merit compared to progeny of other sires

Grid Value (\$G) an index value expressed in dollars per head, is the expected average difference in future progeny performance for carcass grid merit compared to progeny of other sires.

Adjusted Yearling weight to 365 days adjusted and ratioed by breed computation.

Calving Ease Direct is the difference in percentage of unassisted births when a sire is bred to first calf heifers. A higher number is desirable.

\$F	\$W
94.16	64.08
\$G	\$B
45.89	142.41

Beef Value (\$B) an index value expressed in dollars per head, is the expected average difference in future progeny performance for post weaning and carcass value compared to progeny of other sires.

Actual Weaning Weights as of October 3, 2022

Weaning ratio in contemporary groups.

Bulls we feel are safe to use on heifers will have the BW offset.

Estimated Carcass traits

Dam's Weaning ratio and Yearling ratio

Actual Scrotal Circumference expressed in centimeters.

Projected Sale Day Weight is calculated by adding the ADG times 51 days to the 1/21/23 weight.

Average Daily Gain on test from 10/03/22 to 1/21/23.

Weight per day of age as of 1/21/23.

Milk EPD is the estimate of the animal's genetic merit for milk. In a bull, the Milk EPD should be expressed in pounds of daughter's progeny weaning weight attributed to milk and mothering ability.

Watch & bid online for **FREE** at

DVAuction
Broadcasting Real-Time Auctions

Can't make the sale? Bid from home with DVAuction's "real time" internet Bidding Service

Buying is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "Create New Account" tab
2. Apply for bidding approval by clicking on the "Apply for Bidding" tab at least 24 hours prior to the auction. A DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases

After the sale, contact the sale manager or owner to arrange transportation and payment. High Speed Internet is required for successful bidding.

Proxy Bidding- If you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 316-5460.

Sale Terms and Conditions

The auctioneer in charge will settle any disputes as to bids, and his decision on such matters shall be final.

Terms of the sale are cash. The bulls offered for sale are sold under the terms and guarantees recommended by the American Angus Association, with reference to health, freedom from defects, and from both reproductive and specific genetic unsoundness. The recommended refund or adjustments will be made in case animals fail to live up to seller's guarantees. All bulls listed in this catalog are guaranteed to be breeders if not allowed to run with the herd until at least 14 months of age, and if not subjected to gross negligence by the purchaser.

Each bull becomes the risk of the purchaser as soon as sold; but it shall be the obligation of the seller to see that animals are fed and cared for free of charge to purchaser, until loaded for shipment. Insurance will be available sale day by a bonded livestock insurance broker if you should so desire. It is recommended that insurance be obtained for bulls purchased.

HEALTH

All bulls are fertility tested and examined for total functional soundness by Betsy Bialon of Sugar Factory Vet Hardin, Montana.

All bulls sell guaranteed to be eligible for shipment to any state in the Continental U.S.

At Pine Coulee Angus, herd health concepts are always being evaluated and modified as new products, situations and needs arise. The whole Pine Coulee Angus herd is routinely immunized against the following infectious diseases: BVD, IBR, PI3, BRSV viral diseases, Clostridial infection (8-way), H. somnus, Vibriosis and Leptospirosis as well as the use of the newest broad spectrum dewormers on a rotation program. Breeding age females on the ranch are official calfhooed vaccinates for Brucellosis. The goal of the program is to prevent unnecessary health problems in our herd and ultimately yours.

Virgin yearling and two year old bulls have not been exposed to any females.

FREE DELIVERY

Pine Coulee Bulls will deliver, free of charge for the first 500 miles and at cost after 500 miles. If you are unable to attend the Pine Coulee Bull Sale, you may send bids to the auctioneer, representatives or to Pine Coulee Bulls directly. If you choose Pine Coulee Bulls to make your sight unseen purchase for you, we unconditionally guarantee your satisfaction at delivery time.

BOARDING

Free boarding up to May 1st, 2023

TERMS

CED - Calving Ease Direct is the difference in percentage of unassisted births when a sire is bred to first calf heifers. A higher number is desirable.

B.W. - Birth Weight

W.W. - Adjusted 205-day weight

All weaning weights have been adjusted by or in accordance with breed association calculations and ratioed in various contemporary groups.

Y.W. - Adjusted 365-day weight

All yearling weights have been adjusted and ratioed in accordance with breed association calculations and ratioed in contemporary groups.

S.C. - Scrotal Circumference taken by licensed veterinarians, expressed in actual centimeters.

Proj. Sale Day Weight - Projected sale day weight is calculated adding the ADG times 51 days to the 1/21/23 weights.
