RANCHER *designed*

Welcome to our 3rd Annual Female Sale! We have an exciting new venue, the Historic Billings Depot! It will be a cattle sale unlike any other that Billings, Montana has seen.

On the evening of October 17th, we will be offering an unreal set of 'real cows.'

As breeders, we respect well balanced, phenotypically attractive, and maternally intelligent females that are true to the basics.

The industry needs cattle that are 'Rancher Designed.'

The kind of FEMALES that have made history. You know who they are, you know why they stood the test of time. You will find them in thousands of pedigrees. Those females are rare, but not forgotten. We still build from them, breed for them, and we have them in quantity.

Attend the NILE Stock Show and our event Thursday evening, not far from the show!

- When you look for one that can do it all, you find W66. The real, "Rancher's Design."
- If you know much about the Angus breed you know the value of Right Time daughters! This one will raise bulls and females for you. Excellent cow, Excellent pedigree. Big time phenotype.
- W66 is one of the cows that we chose to build the program around.
- Her grandam is the great Sitz Everelda Entense 1905. She has a production record of BR 5@102, NR 5@107, YR 2@109. One of her natural daughters, Pine Coulee Entense D7, sold to Willekes Angus in the 2017 Ladies sale. She is a consistent producer and her last 3 flushes before breeding her back averaged 11 quality frozen embryos. W66 NEVER disappoints. W66 is bred to E307 is a Renown son that we chose to use in our program.

- Y5 has been a favorite since she hit the ground as a calf. Sometimes you just know, and we knew she was going to become a great anchor in our program. She is a flush sister to the \$30,000 Pine Coulee Lucy Y4.
- She is the kind you love to watch, she is so sound and pretty on the go. Her presence is alluring. Y5 has a tremendous expansive rib with a beautiful head and neck that transmits into her offspring.
- Her 2018 daughter sold last year as the high selling heifer calf to Reisig Cattle and Patrick Southworth. She is very fertile and has stuck to her first service AI for the past 6 years. She was left open intentionally to flush. She has been flushed 3 times since calving and has averaged almost 15 frozen embryos per flush with no flush lower than 14. She has 6 natural calves with BR 6@100, NR 6@106, YR 3@105. Her 2019 Summit heifer calf has not been ratio'd as of yet and will be near the top of our replacement pen.
- Open and ready to flush.

- When you breed cattle, you hope they will someday look JUST LIKE THIS.
- Everyone knows that there are great breeding cattle that come from Montana, and this year, she was our pick. She is big and stout, long sided and made so uniquely through her front one-third, providing the opportunity to be mated as diversely as you need.
- When we talk about basics that make good females we talk about udder quality and good feet. 125Z is a perfect example of what an outstanding udder structure should be like. She has perfect feet, they are the right size and shape.
- This year she has a bull calf at side by SAV Renown 3439, he will be featured in our spring bull sale, the Montana Performance Bull Co-op.

- HC A true POWER COW. She is massive. Check out that stacked pedigree! It is no surprise she will produce the right kind.
- HC We selected 1182 as a heifer calf from Ellingson Angus in 2012.
- HC Predictability. One of the most important things in your females! 1182 gets it done. We have kept nearly everything she has produced! She passes on her depth of body, length and overall phenotype to her progeny. She is nice fronted with over all eye appeal, a great disposition with an ideal udder. These are the kind we love at our ranch!
- HC We recently sold a daughter, JC Blackbird 64C, a high powered young donor, to Cedar Top Ranch in Stapleton, NE.
- HC Our best herd sire at HC Cattle is a Right Answer x 64C

- Z20 is a model of a cow. Big hip, big rib, and offers a long extended neck. We look hard and long to find one with a phenotype like this!
- She originates from the Vanity Bess family from Beartooth Ranch. She is a low birth weight cow with 5 BR@92, 5 NR@102, and 4 YR@107. In 2017 her Renown son, E401, was our high selling bull. Her only other son was a feature bull in 2015. You will like her offspring. She is the kind of cow that should be flushed.

MW Black Nellie Rita 032 x Coleman Bravo 6313

Pregnancy due 1/9/20

☞ Pick of the Flush

- ☞ 032 was the lot 4 cow in the 2017 Ladies Of The Beartooths sale and sold for \$30,000 to Northway Cattle Company in Canada. We felt this cow would mate perfectly with the exciting new sire, Coleman Bravo 6313. We feel so strongly about this cow that we purchased a flush back last year.
- ☞ This cow is without a doubt one of the best producing cows that H C Cattle ever had. She earned her right to stand in the donor pen. We believe she will leave a great legacy with Pine Coulee and Northway Cattle Co. through her offspring. She is sound, stout, huge bodied with an explosive hip and rib. We love her docility, and above all, love the predictability that she brings to the table. Her daughters sell as lots 21 and 22 in this sale.
- ☞ We have 7 pregnancies due 1/9/20. The buyer of this lot has the right to the pick of these calves at or before 9/1/20. If they choose by 3/1/20 they will receive the recipient cow to go with the calf.

HC There is a reason we continually choose the MW Black Nellie Rita 032 daughters for this sale. They make cows that represent our standard of quality cattle. Not only was 032 a top selling Donor in our inaugural Ladies Sale for \$30,000, she and her offspring DO WORK. They will become some of the most desired cattle you own. Lot 21 and her full sister selling as Lot 22 are structurally correct, with loads of volume, good bone, and are docile.

- ⌘ A female that possesses lots of bone and density! She is excellent footed. She started out as a twin with a sister, out of a first calf heifer. She made her way to the replacement pen before weaning. Her mother goes back to the Blackcap Eileen family at Beartooth Ranch. We think the Capitalist 316 daughters will be outstanding producers. This is the style of heifer we love to see stay on the ranch.

HC We have been very happy with our Stunner calves. F201 is a very complete and attractive heifer out of Coleman Dixie Erica 8273. She is a maternal sister to Lot 42, 45, and 48 in this sale. This is the keepin' kind. You will love her appearance, she is beautifully designed with a loaded 'cow making' pedigree. The Stunner offspring exhibit a lot of style and carry the muscle and capacity to make them work. We believe the Stunner females will be around for a long time.

Unique by pedigree, unique by design.

Unlike many scenarios, these females were brought to the chute out of the pasture, prepared, then immediately pictured and videoed. This look is bred in, not fed in.

Model working cows that the Northwest is best known for. Cattle that last. You can take cattle from the Northwest and they will survive anywhere.

I am fortunate to travel through many of the best herds across the country, The one thing I have been told many times, *"Years ago we went to Montana and bought a set of cows... 'those' were the best cows we've ever owned, we should have bought more."*

Read that again.

Meet me in Montana on October 17th to find *'those'* kind.

- Unique by PEDIGREE, unique by DESIGN. If you are a breeder, these two half-sisters selling as lot 47 and 48 are the real deal.
- Lot 47 is a combination heifer. A long sided female with body. She has a super smooth shoulder that transitions into a smooth feminine neck.
- You will fall in love with her, just like we have. We've been watching her from the beginning, and we knew that she would not disappoint come fall. Her pedigree is dependable.
- Her maternal sister was Reserve Cow/Calf in the 2019 NJAS owned show this summer for Nicole Stevenson! A model young Angus cow. Lot 47 also traces back to a past NWSS Champion Angus Heifer for Beartooth Ranch and Stewart Kincaid.
- 144Z ratios 89 on birth weight and 106 for weaning weight on 6 calves and a highlight of her balanced EPD profile is her rank in upper 15% for the new \$M index.
- Retaining 8 embryos at buyer's convenience and sellers expense.
