

PINE COULEE BULLS, LLC.

BULL SALE

MARCH 9, 2026
WAGON BOX RANCH • HARDIN, MT
LUNCH 12 P.M. • SALE 1 P.M., MOUNTAIN

Welcome!

Welcome to our Bull Sale. It is with great appreciation that the Stampfel and Carrel families invite you to our annual Bull Sale. We would like to thank you for supporting our program throughout the years and welcome the opportunity to see our customers and friends and visit about your operations and specific genetic needs. We take being your seedstock supplier very seriously. Producing performance oriented bulls that are backed by superior maternal genetics is our goal.

The older bulls (Lots 1-55) are turned out for the summer, developed on rough, dry country, then brought in to be performance tested. They have not been overfed in a lot the entire time. They are sound and ready to go to work. As usual, all bulls were developed on a high roughage ration. All bulls are performance tested, semen tested, freeze branded, BVD tested, RFID tagged, poured and foot rot vaccinated. Every bull in the sale has been genomically tested and tested for parentage.

We spend a lot of time researching and developing sires in an effort to use genetics that fit our environment. Our never ending quest for improvement is a passion. Our bulls are managed to be sound and not fed to excess. We appreciate bulls that sire progeny that have the ability to maximize available forage while producing a product that will push down the scale.

At Pine Coulee we are strong believers in the power of the cow. We are rigid in our culling practices with utmost attention to fertility, feet, legs, stay-ability, efficiency, disposition, udder quality and overall structural soundness. We welcome the opportunity to give you a tour of our program.

Our sincere belief that a serious working relationship between seedstock and commercial producers, at the grass roots level, is an important bridge to ensure longevity and profitability for both parties.

The Stampfel and Carrel families look forward to a long standing relationship with your operation and appreciate the time you have taken to attend our Bull Sale.

PINE COULEE BULLS, LLC

MARCH 9, 2026

WAGON BOX RANCH • HARDIN, MT

LUNCH 12 P.M. • SALE 1 P.M., MOUNTAIN

SALE TERMS • The auctioneer in charge will settle any disputes as to bids, and his decision on such matters shall be final.

TERMS OF THE SALE ARE CASH • The bulls offered for sale are sold under the terms and guarantees recommended by the American Angus Association, with reference to health, freedom from defects, and from both reproductive and specific genetic unsoundness. The recommended refund or adjustments will be made in case animals fail to live up to seller's guarantees. All bulls listed in this catalog are guaranteed to be breeders if not allowed to run with the herd until at least 14 months of age, and if not subjected to gross negligence by the purchaser.

Each bull becomes the risk of the purchaser as soon as sold; but it shall be the obligation of the seller to see that animals are fed and cared for free of charge to purchaser, until loaded for shipment. Insurance will be available sale day by a bonded livestock insurance broker if you should so desire. It is recommended that insurance be obtained for bulls purchased.

HEALTH • All bulls are fertility tested and examined for total functional soundness by Stillwater Veterinary Clinic, Absarokee, Montana.

All bulls sell guaranteed to be eligible for shipment to any state in the Continental U.S.

At Pine Coulee Bulls, herd health concepts are always being evaluated and modified as new products, situations and needs arise. The whole Pine Coulee Angus herd is routinely immunized against the following infectious diseases: BVD, IBR, PI3, BRSV viral diseases, Clostridial infection (8-way), H. somnus, Vibriosis and Leptospirosis as well as the use of the newest broad spectrum dewormers on a rotation program. Breeding age females on the ranch are official calthood vaccinates for Brucellosis. The goal of the program is to prevent unnecessary health problems in our herd and ultimately yours.

Virgin yearling and two year old bulls have not been exposed to any females.

FREE DELIVERY • Pine Coulee Bulls will deliver, free of charge for the first 500 miles and at cost after 500 miles. If you are unable to attend the Pine Coulee Bull Sale, you may send bids to the auctioneer, representatives or to Pine Coulee Bulls directly. If you choose Pine Coulee Bulls to make your sight unseen purchase for you, we unconditionally guarantee your satisfaction at delivery time.

BOARDING • Free boarding up to May 1st, 2025.

LIABILITY • All persons who attend the sale do so at their own risk. Pine Coulee Bulls assumes no liability, legal or otherwise for any accidents which may occur.

For General Questions Please Contact Our Office:
(402) 316-5460 or support@dvauction.com

RETAINED INTEREST • Pine Coulee Bulls is retaining a 1/3 revenue sharing interest in all bulls. The new owner has full possession and salvage value. Pine Coulee would like to have the option of collecting semen at the owner's convenience and the seller's expense.

VOLUME DISCOUNTS •
5 bulls = 5% Discount
10 Bulls or more = 10% Discount

DELIVERY DISCOUNTS • We will deduct \$200 per bull if he is picked up the day of the sale. *Haul your neighbor's bull for \$200 also.*

What the **DATA** tells you

2026 Averages for YEARLING bulls:
ADG: 2.84 LBS
WDA: 3.03 LBS

- BW** • Animal's weight at birth
- WDA** • Weight per day of age
- WW** • Animal's weight at weaning
- WR** • Weaning Ratio in contemporary group
- YW** • Adjusted Yearling Weight to 365 days adjusted and ratioed by breed computation.
- 1/9/26 WT** • Actual Weight measure on that day.

- YR** • Yearling Ratio in contemporary group
- ADG** • Average Daily Gain on test from weaning to 1/9/26
- Sale WT** • Projected weight on sale day
- Act. SC** • Scrotal circumference expressed in centimeters.

Angus GS/HD50K • These genomic tests give Angus breeders and their customers tools designed to guide whole-herd selection, mating management and breed-improvement decisions, as well as denoting the value of seedstock cattle.

\$Value Index (\$Value) • A \$Value is an economic selection index allowing for directional change in multiple traits at once pertaining to a specific breeding objective.

\$M • Maternal Weaned Calf Value (\$M), an index, expressed in dollars per head, predicts profitability differences from conception to weaning with the underlying breeding objective assuming that individuals retain their own replacement females within herd and sell the rest of the cull female and all male progeny as feeder calves. The model assumes commercial producers will replace 25% of their breeding females in the first generation and 20% of their breeding females in each subsequent generation. Traits included are as follows: calving ease direct, calving ease maternal, weaning weight, milk, heifer pregnancy, docility, mature cow weight, claw set and foot angle.

\$W • Weaned Calf Value (\$W), an index, expressed in dollars per head, to predict profitability differences in progeny due to genetics from birth to weaning. The underlying objective being producers will retain 20% of the female progeny as replacements and sell the rest of the cull females and their male counterparts as feeder calves. Traits included are as follows (in no particular order): birth weight, weaning weight, milk, and mature cow weight.

Claw • Claw Set EPD (Claw), is expressed in units of claw-set score, with a lower EPD being more favorable indicating a sire will produce progeny with more ideal claw set. The ideal claw set is toes that are symmetrical, even and appropriately spaced.

Angle • Foot Angle EPD (Angle), is expressed in units of foot-angle score, with a lower EPD being more favorable indicating a sire will produce progeny with more ideal foot angle. The ideal is a 45-degree angle at the pastern joint with appropriate toe length and heel depth.

EPDs • An EPD is the prediction of how future progeny are expected to perform relative to progeny of other animals within the same database. EPDs are expressed in units of measure for the trait, plus or minus. Interim EPDs may appear on young animals when their performance has yet to be incorporated into the American Angus Association National Cattle Evaluation (NCE) procedures. This EPD will be preceded by an "I", and may or may not include the animal's own performance record for a particular trait, depending on its availability, appropriate contemporary grouping, or data edits needed for NCE.

CED • Calving Ease Direct (CED), is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

BW • Birth Weight EPD (BW), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

WW • Weaning Weight EPD (WW), expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

YW • Yearling Weight EPD (YW), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

HP • Heifer Pregnancy (HP), is a selection tool to increase the probability or chance of a sire's daughters becoming pregnant as first-calf heifers during a normal breeding season. A higher EPD is the more favorable direction and the EPD is reported in percentage units.

Milk • Maternal Milk EPD (Milk), is a predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters compared to daughters of other sires. In other words, it is that part of a calf's weaning weight attributed to milk and mothering ability.

Marb • Marbling EPD (Marb), expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

REA • Ribeye Area EPD (RE), expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

This future herd sire has earned his spot as lot 1! A fast-gaining, easy moving, fleshy son of LT Deep Canyon, he has stood out since he was a calf. A masculine, big-crested bull, he carries the look we love to see out in the pasture. He is long-spined and big-footed, just like his dam, Donna 6520, who goes back to Rito 707 and EXT.

J C Donna 6520 9018 • Dam of Lots 1-3

A stylish, complete, smooth-made SAV Renovation son out of our Black Annie G82 donor, the featured lot 1 cow in the 2023 Ladies of the Beartooths sale. His dam sports tremendous style, depth, and muscle expression that are all visible in this bull. We are loving this genetic combo.

A powerful, deep-ribbed Renovation son who carries the look of a herd sire. We appreciate this bull for his straight spine, wide top, great feet, and high growth index. He is one that will add pounds to your program.

Hollywood 210K throws a consistent look in his sons, and we love the muscle expression in this deep-bodied bull. He has a clean, masculine front third, and extends down through his hip for that true Angus look.

Leading off the Hi Country 7L sons, N372 is a deep-ribbed, long-spined, fancy-moving bull who embodies what we appreciate about his sire! Hi Country 7L, who sold in the 2024 Hamilton Farms sale for \$185,000, is stamping our program in a really exciting way, and we are loving the herd sires and replacement heifers he is producing.

A direct son of our legendary donor, the late 032, who sold for 30K in our 2017 Ladies of the Beartooths sale. This moderate, typey bull will make first-rate replacement heifers. His dam passes her look on to her progeny, and we are so glad she does.

Pine Coulee History K383, a feature in our 2023 sale, has been stamping our bull program heavily this year! We are excited to see the depth of muscle, masculine phenotype, and rib shape that he throws into his offspring, and this bull is no exception.

Another long-bodied, wide based son of History K383, this bull is smooth-moving, good-footed, and has a true Angus head and gait. He reminds me of his sire at that age, a standout Bravo son out of our Z805 donor, whom we are using heavily.

A stylish bull who we like for his depth of body, wide stance, and excellent feet. This sire will build bulls and females alike, and is easy to work around.

This straight-backed, wide-based powerhouse of a bull is a low-birth-weight, high-gaining bull who has the look of a herd sire. He goes back to PC Hannibal H316, the high seller in our 2021 sale to Arntzen Angus, and a bull we still collect and use heavily.

PINE COULEE BULLS, LLC

We appreciate your interest in
PINE COULEE BULLS, LLC!
Thank You!

Stampfel Family

Annika

Taylor

Megan

Croft Family

Kenny & Bri

Thank you to everybody who came out to our Ladies of the Beartooths female sale this fall! A special thanks also to our fellow producers and friends Peter, Alejandro, and Andrew, who made the trip up from Chile to attend and grill for this awesome event. **Mark your calendars for the next Ladies sale: October 15th, 2026!**

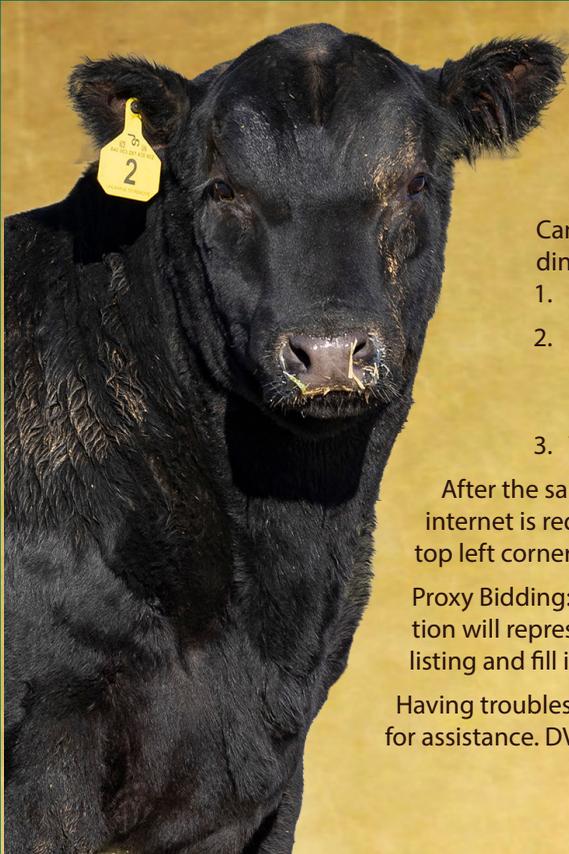

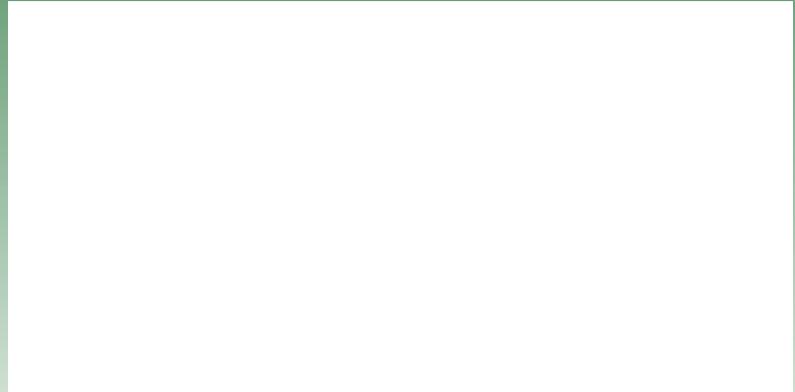

PINE COULEE BULLS, LLC

**PO Box 772
Absarokee, MT 59001**

Address Service Requested

**Time Sensitive Material.
Please Deliver Immediately.**

DVAuction

Broadcasting Real-Time Auctions

Can't make the sale? Bid from home with DVAuction's "real-time" internet bidding service! Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab.
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction - a DV representative will notify you when you are approved.
3. Tune in for the sale and make your purchases!

After the sale, contact Pine Coulee to arrange transportation and payment. High speed internet is required for successful bidding – be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding: If you can't make time to watch the sale, register a proxy bid and DVAuction will represent your bid while you're away. Look for the "proxy bid" tab on the auction listing and fill in your maximum bids. They'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. DVAuction support can always be reached at (402) 316-5460
